

BATTERY & CHARGING STANDS

Battery and Charging Stands from Raymond® are built strong. Heavy duty 2.5 inch diameter rollers are made of durable 11 gauge steel, to ease battery movement.

Surfaces are coated with a unique four-step baked-on epoxy-coating to minimize the effects of corrosive battery acid.

For durable, strong and lasting battery and charging stands rely on *Raymond*.

BATTERY STANDS

Single Compartment

Part Number	Size of Rollers	Stand Width
R-BS1-14	14 in	17 in
R-BS1-17	17 in	20 in
