

# HIGHER CAPACITY MEETS GREATER MANEUVERABILITY.

ENHANCE PRODUCTIVITY WITH OUR NEWLY EXPANDED LINE OF SIT-DOWN COUNTERBALANCED TRUCKS.

Handling heavy loads just got easier with Raymond's higher capacity 4750 Sit-Down Counterbalanced Trucks.

Now available with 8,000, 10,000, and 12,000 lb. capacities, Raymond's 4750 offers the broadest range of capacities and capabilities to suit virtually any application in your facility.

## FEATURES & BENEFITS

### Greater Productivity

- + Sideshift—standard on all 4750 trucks—allows faster, simpler pallet positioning.
- + Auto Tilt Leveling brings forks perpendicular to the mast with the touch of a button for easier, more confident load stacking and retrieval.

### Superior Stability

- + Performance Stability System™ helps minimize damage to goods and facilities with active mast control, and active rear axle swing lock.

### Exceptional Versatility

- + Flexible attachments including a multiple load handler, layer picker, carton clamps, rotating forks, and many others, can help enhance the flow of goods through your facility.

### Enhanced Ergonomics

- + Spacious, easy-to-access operator compartment includes a fully adjustable, full-suspension, cushioned seat, tilt steering wheel, and ergonomically placed controls for enhanced comfort and productivity.

Consult factory for red forks.
