

Destuff-it™ and Restuff-it™ machines make material handling in the can safer and faster for your employees. It is possible for inbound docks to reduce unloading costs by up to 50%. To determine how effective a Destuff-it or Restuff-it will be on your dock, please take a moment to inform us about your current unload process:

CONTAINERS/TRAILERS:

Type of staff utilized to unload during regular seasons: Permanent Full Time Temporary 3rd Party Agency
